

OCEAN WEEK

2018 OCEANS
IN CHANGE

WHEN

7-9 MAY

WHERE

Clarion Hotel
Brattørkaia 1
7010 Trondheim

PROGRAM

MONDAY - MAY 7

As the world's population grows, so does the need for food & energy resources. Plenary Session 'Blue Society' addresses the need of advance blue technologies & new approaches to jobs.

PLEANARY SPEAKERS:

Jonas Gahr Støre - AP
Lars Haltbrekken - SV
Greta Bentzen - NIVA
Kathrine Angell-Hansen - NRC
Patrick Waldemar - Telenor ASA
Anne M. Panengstuen - Siemens AS
Egil Haugsdal - Kongsberg Maritime
Ingrid Schjølberg - NTNU Oceans

PARALLEL SESSIONS:

Blue Technology
Norway as a Sea Nation

ART&OCEAN exhibitions:

Armin Linke & Giulia Bruno
'Henningsvær Charter'

TUESDAY - MAY 8

'Clean Ocean' Plenary and Parallel sessions seek solutions to marine littering & pollution challenges to realize the sustainable bio-marine growth needed for the future.

Among SPEAKERS:

Nina Jensen - REV
Atle Hamar - State Secretary,
Ministry of Climate & Environment
Tor Christian Sletner - NSA
Bjørn Haugland - DNV GL
Vegar Johansen - SINTEF Ocean
Kjersti Busch - SALT

PARALLEL SESSIONS:

Clean Ocean
Coastal Infrastructure
The Ocean from Space
Autonomous Ships - Applications

OCEAN ROBOTIC DEMO

at Trondheim Pier

WEDNESDAY - MAY 9

What are the latest technological updates and how can Blue Technology Research impact society?

Wednesday's parallel sessions present topics of paramount relevance for the development of our Blue Society.

PARALLEL SESSIONS:

Aquaculture Past, Present & Future
Deep Sea Mining
Norwegian Maritime Microsatellites
Autonomous ships - Technology

We need to solve the plastic waste problem of the world by taking action and by doing it now.

Join the WORKSHOP 'Plastic in Ocean' and maybe you will play a part in taking the world one step closer to a solution!
